To Whom It May Concern:

It is with pleasure that I submit this letter of recommendation on behalf of Greg Opinski Construction, Inc. (GOCI). GOCI served as the Construction Manager for our newest elementary school construction project, Ronald Reagan Elementary School. This multi-prime project was a tremendous success. The school was completed on time, on budget, and the workmanship was outstanding. Additionally, GOCI successfully self-performed a few of the bid packages.

From design engineering to hammering the last nail, GOCI staff members were available, responsive, and most importantly honest in all of their work. Their joint efforts with the District's design team made this project one of true collaboration resulting in a beautiful school campus and a long lasting, positive relationship.

Based on the quality workmanship and positive business encounter, the Chowchilla School District intends to continue work with this highly qualified construction firm. I encourage you to choose Greg Opinski Construction, Inc. to work with you on your next building project. Please call if I may answer any questions regarding this letter.

Sincerely,

Dr. Michelle Steagall,  
Superintendent
